- Carenda was an engaging and motivating speaker for our Annual Staff Day. She was a delight to work with leading up to our Staff Day and even gifted our team lemon stress balls. During her presentation, she incorporated our library jargon and customized it to make the content relevant for our team. Not only did she share ways to help us all find joy, she literally sparked it in us during her presentation while encouraging us to dance. Carenda's closing keynote was just what we needed!
